

## smcp Psychotherapy Training Courses

**Transactional Analysis** is a psychological theory of personality. It offers ways of understanding our own personality and the relationships we have with others. It is also a form of psychotherapy. You may want to participate if you:

- are somebody who would like to become qualified as a Psychotherapist or Counsellor.
- would like to enhance your understanding / skills in working with people.
- are practising as a Counsellor and want to develop your effectiveness.
- would like to personally develop yourself with like-minded people.

**Participation** in the programme is flexible; training takes place at weekends; training years do not have to be consecutive and hours towards accreditation can be achieved at the student's own pace.
